

The Temecula Valley Film and Music Society's mission is to enrich the human spirit through film and music by nurturing, supporting and showcasing independent, emerging film and music talent.

The Society believes in the transformative power of both art forms of film and music. Film and music entertain, educate, provoke, persuade, move and motivate. They both allow us to see the world and ourselves through the eyes and ears of others – painting vivid pictures and sounds of human experience in all its diversity while reinforcing the bonds that unite us.

The **Temecula Valley International Film & Music Festival** is the Society's flagship event.

It carries out the Society's mission by celebrating the arts of film and music in all its forms. The artistic approach is eclectic. Through screenings and concerts and other associated events, the festival aims to present a wide spectrum of contemporary filmmaking (feature films, short films, documentaries, animation, foreign films, student films) and music (rock to pop, rhythm and blues to jazz, country to classic, solo artists to ensembles).

As a year round organization, The Temecula Valley Film & Music Society serves as a forum for the discovery of new and emerging talent and is dedicated to the nurturing and development of new independent artists and their cinematic and music vision.

International Film and Music Festivals such as ours give both new and established artists a wonderful opportunity to showcase their creativity, talents and vision while enriching the cultural landscape of the Temecula Valley and beyond. The transformative power of both film and music are at the very heart of everything The Temecula Valley Film and Music Society does.

Cinema Entertainment Alliance, the parent entity of the Temecula Valley Film and Music Society, is a 501(c-3) non-profit membership driven organization.

THE MERITS OF MEMBERSHIP

Film fan, cinephile, music auteur, concertgoer...whatever you choose to brand yourself, you're no mere participant. After all, it's not just the viewing or listening pleasure you derive from the movie or concert – it's insight. It's not just entertainment value, but art appreciation. Not just a box office purchase, but a shared cultural experience.

Membership in The Temecula Valley Film and Music Society has a host of benefits, not the least being having the opportunity to pre-screen, judge and even help select films and music artists that will screen or perform during TVIFF.

Your awareness, involvement and support allow the Society to sustain and continually enlarge the scope of our programming and extend our outreach.

In short, as a member, you take an active role in shaping and enhancing not only ours and your own movie going or concert going experience, but that of the entire Temecula Valley and beyond.
